

Disputed Sign Code To Be Reviewed

Opposition to Yorba Linda's sign code, long a matter-in at least some quarters of the city's business community-of individual dissatisfaction, Monday night presented a united front to the city council.

The dissent came in the form of a suggestion by the city Chamber of Commerce that the council reconsider certain areas of the sign ordinance, replacing general provisions with specifics.

In response, the council members voted 4-1 to refer the question to the planning commission for public hearing.

Opposing the motion was Councilman Dale T. Chaput, who felt that planning staff should evaluate the present code together

with the effect of proposed changes before any decision be made to refer the matter to the planning commission.

"We have not utilized our staff, which we are paying to give us their opinion as to whether we should burden our planning commission any more," the councilman said.

"Our normal practice is to get staff's opinion of any data given us by the public; and then, based on their input and the public's input, we make a decision."

Opposition to referral had been voiced earlier by Councilman Rudolph A. Castro, who claimed that a vote by the council to refer the code for public hearing would be tantamount to giving the present

code a vote of no confidence.

Castro, however, reversed his stand when Mayor Carolyn Ewing pointed out that opening up the public hearing process on the ordinance might result in strengthening it still further.

"I can see the opportunity for a public hearing to give us a more restrictive ordinance," she said. "I believe that all zoning ordinances can be improved; but the improvements (in this case) may not come in a form satisfactory to the (Chamber of Commerce)."

Castro had put himself on record as being against "any drastic changes" in the ordinance. "I'd like this town to have the reputation of having a very strict ordinance," he

declared.

Introduced by Chamber of Commerce President Elton Partridge, four members of the Chamber presented recommendations for council consideration.

Bob Frankeny of Century 21 Real Estate suggested that real-estate agents be permitted to post a limited number of open-house signs during daylight hours. He also cited a need for illuminated house numbers to aid in finding addresses at night.

Bill Nicholas, branch manager of World Savings, located in Lakeview Plaza, spoke of the advantages of lighted signing in calling attention to shopping malls.

Bob Booz, operator of B & B Chevrolet, recommended that dif-

ferent kinds of businesses be dealt with individually rather than en masse. He cited specifically the problems of auto dealers.

Don Sissons, of Chalet Wines and Spirits, proposed language be added to the ordinance dealing with free-standing buildings not a part of a business complex.

The Chamber presentation was introduced by executive Director William K. OpDyke, who called attention as an example of effective signing, to the Fiesta Days banner which had hung across Main Street advertising the recent celebration.

According to OpDyke, the banner, under the sign code, was "illegal." Mayor Ewing replied that approval had been given the banner in view of

its temporary nature.

In other action, the city council-passed on second reading, thereby enacting into law, an ordinance creating a city parks and recreation commission;

*narrowly passed on a 3-2 vote, after extended discussion, a motion to restripe and provide lighting for two tennis courts at Fairmont Park (Ewing and Councilman Whit Cromwell opposed the measure on grounds that funds to cover the approximate \$5000 cost of installing lighting were not included in the city's present budget; proposed resurfacing of the courts, also discussed by the council, was not voted upon);

PAINE ADDITION—Although three to four weeks behind schedule, construction is now moving on the final increment of facilities at the Mabel Paine School on Plumosa. When completed the school will have a multi-purpose room, special education classroom and a new school office.

Thanksgiving Service

The annual Community Thanksgiving Service will be hosted by the Moravian Community Church on Thursday, Nov. 27 at 10 a.m. The event is sponsored by the Yorba Linda Ministerial Association.

Deaf Film

"Deafula", the first feature length, dramatic motion picture done entirely in sign language will screen at the Yorba Linda Library on Friday, Nov. 21 at 7 p.m.

Admission is free with a sound track and music provided for hearing listeners. The showing is being sponsored by the Santiago Library System.

Deafula uses a campy, tongue-in-cheek version of the familiar Dracula story as the basis for its plot.

Libraries have rated the film PG, Parental Guidance Suggested, as there are several scenes which may frighten younger children.

Bicentennial Community

By Marianne Hodgkins

Yorba Linda has been officially designated as a Bicentennial Community by the American Revolution Bicentennial Administration in Washington, D.C.

All local organizations including churches and schools have been invited by the committee to participate in celebrating the National Bicentennial and all residents are asked to make an individual gesture of participation in bicentennial events.

Major theme for Yorba Linda is beautification and recreation and the bicentennial committee proposes to present certificates to all those involved in this community effort.

The committee meets at the new Yorba Linda Community Center, corner of Yorba Linda Blvd. and Valencia on the second Tuesday of each month at 7:30 p.m.

Many organizations have started projects that will carry on through the year. The bicentennial gift to the city from the Yorba Linda Women's Club is their clubhouse, dedicated October 11.

The community center will be available for public use by written request to City Hall and can be rented by private individuals.

The message will be brought by Rev. LaRue Lindquist of the Evangelical Free Church.

Rev. Jerry Witbro, host pastor and Association President, said proceeds from the special offering will be used for the Community Released Time Education Program which utilizes the "Chapel on Wheels."

The scripture for the occasion will be delivered by Rev. C.W. Perry of Rose Drive Friends Church and Rev. G.H. Shaffer, Yorba Linda Friends Church.

The Bell Choir from United Methodist Church will bring special music. Also participating in the musical portion of the program will be the Moravian Chancel Choir and the host church's "Cheerful Giver Youth Folk Singers."

The appeal for the offering will be handled by Rev. Joe Guthrie of the First Baptist Church and treasurer of the Ministerial Association.

Moravian Community Church is on Fairmont, across from Bernardo Yorba Junior High School.

Boy Scouts and Girl Scouts of the city have begun beautification projects, planting trees and maintaining horse trails and Yorba Linda Country Riders will be cleaning up and maintaining the settling basin.

Lake Park residents are sponsoring an essay contest on the Declaration of Independence through Yorba Linda's two junior highs. Mrs. A. Polino is coordinating the contest.

A direct descendant of one of the country's early presidents will be on hand when the original Declaration of Independence is placed on display at the Yorba Linda Library in February.

Yorba Linda Service League has approved the completion of planting ground cover in parkways to beautify Yorba Linda Boulevard from the city entrance to Valley View.

The Rotary will paint fire plugs in patriotic colors and the library will continue "Bike Rides for America."

The Art Association will supervise a mural for the Nixon Elementary School wall and a project will be proposed that will have permanent value to the community through the combined efforts of the bicentennial committee.

YLSA Tax Revenue Election

With understandable reluctance but with a strong conviction that is necessary the Board of Trustees of the Yorba Linda School District will take action at the December 11 meeting to set March 2, 1976 as the date for a Revenue Increase Election.

The formal action will be taken on that date after determining the amount to be submitted to the voters.

In view of a defeat last May in a similar election, the board members expressed concern over getting the

message across to the voters to win approval for the tax increase.

In May the district requested an 87 cent tax hike to maintain programs at the 1974-75 level through 1977-78.

As a result of the election loss

several programs, personnel and services had to be eliminated from the current fiscal year budget. Some of the cuts were partially restored later when unexpected state funds became available.

Trustees were agreed that the board has "no choice but to go back to the voters" or face more cuts in the next budget.

Information supplied by the administration during discussion on the election revealed that the Yorba Linda District ranks 15th and last in expenditure per pupil for cost of education. That figure is \$951.97 as compared to an average of \$1,050.02 in the 15 Orange County elementary districts.

In the total general tax rates for the same districts Yorba Linda is 11th out of 15. The district rate is \$2.7111 with the average at \$2.8523.

'Call Home'

Program

Input from PTA's in the Yorba Linda School Districts five schools will be solicited before any action is taken on a proposed "Call Home" Program in the case of absences.

Superintendent Sterling Fox requested time to meet and discuss the program with the PTA's before inaugurating the program.

Fox told the trustees at last week's meeting that a one day check on absences had been made by the schools. That day revealed that school secretaries, working calls in between their regular duties, required 40 minutes to make 16 calls.

In discussing the program with principals Fox said indications were that additional help would be needed, possibly using teacher aides an additional day, with a cost estimated at \$17,000.

Fox said that talks with parents have uncovered interest in the "Block Parent" Program wherein homes on school foot travel routes would be designated places for children to go in the event of trouble.

Photo Day Change

Clubs, organizations, schools or any group desiring photo publicity in the Wednesday, Dec. 3 edition of this newspaper should arrange to have photos taken by the Star-Courier photographers on Tuesday, Nov. 25. The normal photo assignment day of Thursday will not be observed on November 27 due to the Thanksgiving Day holiday. The usual photo assignments will be accepted for Friday, Nov. 28. For photo reservations call 528-7080 or 528-2525.

Election Precinct Officers

On March 2, 1976, the citizens of Yorba Linda will be asked to elect three members to the City Council. The City Clerk's office is seeking individuals who are willing to serve as precinct officers in this election.

The only requirements are that the individual be a registered voter in the city and willing to serve the entire day at the polling place.

Election officers must report to the polls at 6:30 a.m. and be on duty through the closing of the polls and tallying of the ballots. Since the ballots are counted by hand, additional time will be required after closing the polls at 8 p.m.

Although preference will be given to individuals with previous election board experience, it is anticipated that the city will need new workers.

Individuals are paid \$24-\$29 for their services, depending upon the capacity in which they serve. The City Clerk's office is requesting that a brief application form be completed and returned to the City Hall no later than December 19, 1975. Application forms may be requested by telephone or be obtained at the City Hall, 4845 Main Street, Yorba Linda.

Interested persons are urged to apply. Additional information may be obtained from the City Clerk's office at 524-5000.

Five Named Chamber Directors

Five members of the Yorba Linda Chamber of Commerce have just been elected to the Board of Directors for a term of three years. The entire Chamber membership voted.

Elected were: Roland Bigonger, attorney-at-law; Jim Arkison, executive editor, Yorba Linda Star; Tom Hogan, manager, Pomona First Federal Savings & Loan; Ed Musick, owner, La Rose Jewelers; George

New Post Office OK'd

The United States Postal Service has selected a site for a new main Post Office in Yorba Linda, according to Postmaster Carl Tice.

Confirming a story published in the Star on September 3, Tice said the 120,449 square foot site is at the northeast corner of Lemon Street and Eureka Avenue.

Total purchase cost is to be \$24,000, Tice said. He added that Garland V. House of Yorba Linda is the seller.

In September Tice voiced anxiety for the project to get underway. He said: "With the present and anticipated growth of Yorba Linda we want to be able to meet the needs of the public in a newer and larger facility."

Condominium OK'ed Over YL Objections

The city of Yorba Linda has appealed a controversial condominium development, which is in the city of Placentia but borders Yorba Linda and would use Yorba Linda streets.

The appeal was lodged following a split 3 to 2 decision by the Placentia Planning Commission last Tuesday, concerning the 32-unit garden apartment development which will join half acre estates in Yorba Linda.

The four-acre tract lies at the extreme eastern edge of Placentia along Mariposa and Lakeview Avenues.

The condominium plans in the area have stagnated as Placentia planning commissioners requested that the density of the development be dropped from 10 units an acre to eight. Since that time the city of Yorba Linda has begun an active

campaign for a cooperative effort between the two cities to reconsider the way the area will be developed.

Phillip Paxton, Planning Director of Yorba Linda, speaking for that city reiterated the problems with Mariposa, a partially developed street; the future dissension over placing condominiums next to half-acre horse ranches and other horse properties in the area.

Paxton contends that part of the property is in the city of Yorba Linda and on that basis should be required to receive approval of the planning bodies of both cities.

"Any local entity within a three mile radius has the right to review a tract map. We believe that cases of this type should go to both cities. We think it is normal for cities to interact in that manner."

Yorba Linda property owners filled the Placentia City Council Chambers and several spoke against the development, noting its incompatibility with the adjoining horse properties. Yorba Linda Mayor Carolyn Ewing also was in the audience and thanked commissioners later for hearing the Yorba Linda residents.

Applicant spokesman, Charles Hiller, an Orange architect, protested that "We are caught in the middle of a problem between

[Continued On Page 2]

IN KEEPING with America's Bicentennial, each class at Mabel Paine School in Yorba Linda will present, during the year, a program to help America celebrate its birthday. On Friday, November 7, Mrs. Nancy Syte's 2nd grade and Mrs. Carol Smith's 2nd-3rd grade presented "AMERICA CELEBRATES IN SONG." The children, dressed in colonial attire, told of

America's need for song and how our country developed through the years with music. The children sang "Yankee Doodle", "My Hat Has Three Corners", "My Poor Old Slave", "This Land Is Your Land", and sang and danced to "Skip To My Lou".

Photo by Jane Caswell

ONE OF THE REASONS—why local merchants are unhappy with the sign ordinance is the order by the city to B&B Chevrolet to remove multi-colored pennants, long used by auto dealers to attract business. Auto dealers Bob Booz joined with other merchants and the Chamber of Commerce in protesting the sign ordinance before the City Council.

Photo by Gary Ambrose

Letters To The Editor

Editor

In answer to Mr. Clarence Duncan regarding present Business Sign Ordinance and regulations in Yorba Linda (November 5th edition of Yorba Linda Star):

I have my own opinion regarding business signs in Yorba Linda and I do not need, nor appreciate, Mr. Duncan telling me what I like and don't like.

We moved here four and a half years ago because we fell in love with the friendly people and rural type atmosphere Yorba Linda offered. Now all that is being threatened by people like Mr. Duncan, who seem to be more concerned with the almighty dollar than they are with preserving what's left of the natural beauty of our land.

We, the citizens of Yorba Linda, have an opportunity to profit from the mistakes other cities have made in the past so that we can be just as proud of our community 20 years from now as we are today. And the profit I'm referring to can't be measured in dollars and cents—it's far more valuable!

Sure, signs are important, but if we don't keep them under strict regulation, where will it lead? Mr. Duncan seems to feel the sky's the limit!

I suggest Mr. Duncan and others who share his feelings go to Santa Ana, Riverside, or better yet—L.A. and take a closer look at what they

Rebuttal On Signs

are recommending for Yorba Linda's future.

In these cities and others where strict regulations are not enforced, signs are becoming more and more of a hindrance rather than a help. Each sign built higher than its neighbor, bigger, brighter and many revolve or flash off & on-anything to draw attention.

Do these signs really attract more business and even if they do, is it enough to justify the ugly clutter and confusion they add to the city? Are the people in these cities any richer or happier than we are in Yorba Linda now? Didn't most of us move to Yorba Linda to get away from all that in the first place?

A big, bright, fancy sign may attract a customer the first time. But a good reputation for quality merchandise, as well as dependable service will do that and more because the customers will come back again and again!

I don't want higher property taxes any more than anyone else does. But if that's what it takes to keep Yorba Linda "The Land of Gracious Living" it would be a bargain at any price!

However, I strongly believe that Mr. Duncan was simply using an old tactic—"Hit 'em where it hurts" when he threatened us with the possibility of higher taxes.

There would be no need to raise taxes if everyone in the community would support local businesses. And they aren't as difficult to find as Mr. Duncan would have us believe!

I urge anyone living in our community who has not shopped here to give it a try. You will find it a unique experience—as pleasant as going to visit a friend.

Our local merchants offer top quality merchandise, at competitive prices (they don't have to pass the cost of expensive signs on to their customers), dependable service and best of all—merchants who know you by your name instead of an account

number and when they ask how you are; they really mean it!

Surely all these attract more business than any sign ever could. Isn't it time we ask ourselves what we're doing in the name of progress?

The choices made now will reflect on our future. How sad if that reflection is nothing but the cold ugly glare from neon signs—

Sincerely,

Mrs. Jacqueline Harrison
4676 School Street
Yorba Linda, Calif.

Lost Dogs Back Home

"I can't thank the people of Yorba Linda enough."

Those words of sincere praise were voiced by Mrs. Willard Transue, 17501 La Entrada, Yorba Linda when her two prize Samoyed dogs were returned to her.

When the dogs got out of the yard and ran away Mrs. Transue, who is disabled, was distraught. Somehow or other, the grapevine fence had been broken to allow the dogs to leave.

They were six year old "Snowbuck" and one year old "Piddle." A third dog who stays in the house remained safely at home.

Members of the Transue family looked for the dogs all night with no success. They then put phone numbers on pieces of paper and went house to house describing the dogs and asking folks to phone if they saw them.

This plan worked. A woman saw one dog and was able to confine it in her yard. The other dog was nearby and was captured and both returned to a grateful Mrs. Transue.

She asked the Star to voice her appreciation to all the people who looked for the dogs and expressed their concern.

Condos

[Continued From Page 1]

Placentia and Yorba Linda and I don't feel that we should be in this position."

Placentia Planning Commission Chairman Walter Nollac said that he did not estimate that the tract map goes into the city of Yorba Linda, so it therefore was not necessary for the city of Yorba Linda to approve it.

Nollac stated also that he believed the eight units per acre to be a good buffer zone between the Yorba Linda estates and industrial zoning to the south.

Dissenting from the majority opinion were Commissioners William Beggerly and William Rashford who protested that "we have an obligation to cooperate with our neighbors" and "the development does not provide a good buffer."

The Yorba Linda Star is designated a newspaper of general circulation for the publication of legal notices, as defined by Sec. 4460 of the Political Code of California, in the Superior Court of Orange County.

The Yorba Linda Star, believing in freedom of the press and speech for all, welcomes letters from its readers whether they agree or disagree with the newspaper's policy or views. Such letters must be signed. The Star reserves the right to delete what it deems violates the laws of good taste.

Sign Law

[Continued From Page 1]

*adopted unanimously a resolution proposed by Councilman Henry W. Wedaa expressing anew the city's opposition to the persistently proposed Chino Hills airport;

*unanimously approved formation of an official trails committee to advise the council on establishment of trails, particularly in the new Dominguez Ranch annexation (by staff recommendation, the committee will consist of two representatives each from horse and bicycle interests and one representative from the city greenbelt committee);

*heard City Administrator Arthur C. Simonian announce a reduction in Yorba Linda's fire insurance grading classification from class 6 to class 4 (the council suggested city residents contact their insurers regarding rate reductions which should be forthcoming and directed staff to investigate charges by the City of Cypress that the information upon which current rate reductions are based was available three years ago);

*approved unanimously expenditure of up to \$20,000 from gas-tax revenues to cover the city's share of the cost of installing a traffic light at the intersection of Yorba Linda Boulevard and Kellogg Drive (the project is being undertaken jointly with the county, which will put up about one-third of the cost of the signal, City Engineer Roy Stephenson said);

*approved establishment of a three-way stop at the intersection of Buena Vista and Linda Verde and no-parking zones along Lemon Street between Imperial Highway and Lakeview;

*directed staff to prepare an engineering study in support of reducing the speed limit on Buena Vista Avenue to 30 mph;

*passed a motion by Castro to authorize staff to designate sites other than the library for city council meetings as agendas and suitable locations permit;

*approved purchase of a paint stripper for city streets (estimated cost of the machine is \$13,000, according to City Engineer Stephenson; it would cost the city as much to contract out the stripping, Stephenson said, whereas purchase cost could be shared eventually with neighboring cities with which Yorba Linda could share use of the machine);

*approved proposals by Councilman Castro that the city send President Ford a telegram opposing financial aid for New York City and by Councilman Wedaa that the city attorney report on the legal changes necessary to move poorly responded-to off-year elections for local districts to general-election years and to make election days state holidays;

*continued until the council's Dec. 15 meeting consideration of a proposed ban on overnight parking on city streets of either all vehicles or certain large vehicles, including recreational vehicles; and

*viewed presentation by Bicentennial Committee Chairman Millie Krantz to Mayor Ewing of a Bicentennial flag in recognition of Yorba Linda's designation as an official Bicentennial city.

Clubhouse Parking

A recommendation to consider the purchase of property to be utilized as off-street parking for the Woman's Club/Community Center has been forwarded to the City Council by the Planning Commission.

Furnishing this parking is a requisite in the agreement between the city and the Woman's Club upon dedication of the clubhouse as a community center.

Funds would come from the city's share of monies allocated under the Housing and Community Development Act. It is proposed to use the first year's entitlement of \$22,000 and the second year's amount of \$44,000 to provide the estimated \$66,000 for the purchase of and development property for a parking lot.

Three sites have been suggested. One consists of two vacant lots on Yorba Linda Blvd., west of the clubhouse. However, this land is regarded as prime commercial property.

The second site is behind the clubhouse but contains homes whose owners may not be disposed to sell. The third site is a similar one across the street on Valencia.

Planning Director Phil Paxton Stressed that the site selection is purely tentative. He said that cost estimates would be developed without reference to a specific parcel of land, identifying only the general area and adequate cost estimate to support the project.

Before the entitlement has been awarded to the city the proper appraisals could be made and specific locations chosen.

furthermore...

by Jim Arkison

My guess voiced in this space last week that the voter turnout for the water district election was less than 10 per cent was all wet. Figures from the County Registrar of Voters placed the turnout at 3,161 voters or 28 per cent.

That's a lot better than I had surmised but it is still a small turnout. Next year I'll have several opportunities to predict the number of voters and percentages for elections.

Instead of guessing the post election figure I'll try and prognosticate the turnout before the election.

In discussing the planned Revenue Increase Election for the Yorba Linda School District, members of the Board of Trustees were very concerned about how to get the message across to the voters to convince them to approve the tax increase.

One trustee lamented the lack of readership of the Star prior to the election in which several articles were published before last May's vote for a tax increase which was defeated.

Let me assure everyone that no newspaper anywhere in the nation can swing an election one way or the other these days. That may have been true in times gone by but no more.

A newspaper can, and should, take a stand on issues and candidates and what they say may influence some votes but as far as manipulating the outcome, forget it.

The way to get the message across is to sell the need or the candidate. That takes hard work and lots of time. Unfortunately, these days it

usually takes a lot of money, too.

On that latter point Common Cause reports that 22 freshman California legislators spent \$448,000 more to get elected last year than they were able to raise for their campaigns.

Common Cause calls this "by far the highest tuition fees, even these days, paid by any entering 'freshman class' in the country."

The organization claims that the deficits incurred "argue for a far better system of financing election campaigns. People seeking public office should not have to impoverish themselves to be elected nor should public office be the exclusive realm of the wealthy."

To remedy the situation Common Cause is backing a campaign finance reform bill to be heard in the State Legislature in January.

The principal feature of the bill is a system of financing campaigns with small, private contributions matched by public funds and with ceilings on contributions and spending.

With Thanksgiving approaching I thought it would be easy to locate a live turkey to use in a photo publicizing the holiday. It turned out to be more of a chore than I imagined it would be.

One area place listed in the phone book as a turkey ranch said he hadn't had a live turkey there for 20 years. We finally located a turkey or two at the Ag School connected with Valencia High.

It will be interesting to see how much a full Thanksgiving Day dinner for about 10 people will cost this year.

Paramedic Move Protested

The prospect of Yorba Linda losing the locally based Paramedic unit has initiated citizen protest.

Especially concerned are citizens living in the unincorporated area

south of the city, according to one of the residents of that area, Mrs. pat Hilzer.

She told the Star that the move from Yorba Linda to Fire Station Two in Placentia, scheduled for December 2, will "lengthen the response time to Yorba Linda considerably and we are concerned because it is our lives on the line."

Mrs. Hilzer said she has talked to Mayor Carolyn Ewing about the situation. She said an illness forced a cancellation of a meeting with County Fire Chief Carl Downs but she hopes that that meeting can be rescheduled.

Mrs. Hilzer said there may be time to block the move of the paramedics because she understands that the City of Placentia has not yet signed for fire services with the County Fire Department.

The move opponent claimed that the rapid growth of Yorba Linda will make it necessary to place a paramedic unit in the city "in about six months."

Hicks To Speak

The "Shadow Government" of Orange County, will be the subject of a talk by Orange County District Attorney, Cecil Hicks, when he addresses members of the Placentia-Yorba Linda Republican Assembly at Rembrandt's Restaurant, Placentia.

The meeting, open to the public, will convene at 7:30 p.m. Wednesday, November 19, with a no-host social session starting at 7 p.m. There is no admission charge.

The District Attorney's office has been actively investigating corruption at various levels of Orange County politics and government, Andrew Alberti, Jr. of the county GOPs reports.

Photo by Gary Ambrose

THE BIG THING—Jeff Nero, 5, and David Dowden, 5, are climbing "The Big Thing", a tire bridge at the United Methodist Church of Yorba Linda Pre-School. The bridge is designed for different climbing skills and it helps children develop motor controls. The bridge has been enjoyed by children for three years.

Police Beat...

Friday, Nov. 14

The carburetor and air cleaner were stolen from the car of Lorraine Anne Nelson, 18700 Yorba Linda Blvd. #3, between 6 and 6:45 p.m. Friday night while the vehicle was parked in the apartment carport. The loss was valued at \$90.

That afternoon, Kent E. Giboney, 4831 Kona Koye, Yorba Linda, discovered that sometime the week previous a \$25 tape deck had been removed from the cab of his pick-up. The truck had been parked near the Giboney residence.

Thursday, Nov. 13

Three youths, two of them Yorba Linda residents, were arrested Thursday night last week on suspicion of attempted grand theft.

Charles Ray Robinson, 18, 4548 Via del Prado; Keith Gordon Harr, 19, 4382 Via del Oro; and Charles William Perez, 19, 5224 Tango Ave., Anaheim, were reportedly seen by Brea Police Officer Joe Morris sitting in the cab of a pick-up truck parked on the 5100 block of South Ohio Street, Yorba Linda, about 11 p.m.

Morris stopped his marked police car and got out to investigate. According to Morris' report, after he asked the boys their purpose, a reserve officer riding with him claimed to have seen something thrown from the passenger's side of the vehicle.

A search of the ground beside the truck turned up three chrome-plated lug nuts, Morris said. He then

allegedly looked inside the cab and saw two more such nuts on the floor.

Seeing another pick-up parked on the street about 300 feet south, Morris investigated and reportedly found both rear wheels missing four lug nuts each. The remaining nut on both wheels resembled the nuts found on the ground and seen in the Robinson truck, Morris said.

Beneath the rear axle of the pick-up were two stone blocks, partly supporting the weight of the truck, the patrolman continued.

A 17-year-old boy living at a nearby residence identified the truck as his employer's. He said he had the use of it. He claimed to know nothing about the missing lug nuts or the stone blocks.

Checking inside the Robinson truck, the report continues, Morris found four lug nuts like those found on the ground and like the nuts remaining on the wheels of the other truck. In the bed of the truck were two stereo speakers.

The three youths were then arrested and taken to Brea Police Station for booking.

Value of the tires and rims of the allegedly burglarized truck was put at \$210.

Wednesday, Nov. 12

Cash amounting to \$35 dollars was reported stolen from the home of Mary Frances Miani, 18710 Oriente, Yorba Linda, between 12:30 and 3 p.m. last Wednesday.

Mrs. Miani also reported the theft of \$90 from her residence between 2 and 4 p.m. the previous Wednesday.

NOTICE INVITING SEALED PROPOSALS
 Pursuant to a Resolution of the Board of Directors of the Yorba Linda County Water District, NOTICE IS HEREBY GIVEN that the Yorba Linda County Water District will receive at the Office of the General Manager, at 4622 Plumosa Drive, Yorba Linda, California, on or before the hour of 10:00 A.M. on December 9, 1975, sealed bids for the construction of sewer mains and appurtenances in the City of Anaheim and the unincorporated territory of Yorba Linda County, California, located within the sphere of influence of the Yorba Linda County Water District.
 Bids will be opened and publicly read immediately in the District Board Room.
 The work is to be done in accordance with the profiles, plans and specifications entitled "Sewer Improvement, Esperanza Sewer, 18" Eastern Crossing to O.C.S.D. Interceptor Sewer."
 Notice is further hereby given bidders that in accordance with the provisions of Section 1777 of the Labor Code, the Board of Directors of said District has ascertained the prevailing rate of per diem wages for each craft or type of workman or mechanic needed to execute the contract which will be awarded the successful bidder to be as specified in Resolution No. 75-18 dated November 13, 1975. A current schedule of said prevailing rates of per diem wages has been compiled by the Yorba Linda County Water District and is incorporated as a part of this document; said schedule is on file and copies will be made available to bidders at the District Office, 4622 Plumosa Avenue, Yorba Linda, California, the principal office of the Yorba Linda County Water District.
 In accordance with the provisions of Sections 1777.5 of the Labor Code as amended by Chapter 971, Statutes of 1959, and in accordance with the regulations of the California Apprenticeship Council, properly indentured apprentices may be employed in the prosecution of the work.
 Attention is directed to the provisions in Sections 1777.5 (Chapter 1411, Statutes of 1968) and 1777.6 of the Labor Code concerning the employment of apprentices by the Contractor or any Subcontractor under him.
 Section 1777.5, as amended, requires the Contractor or Subcontractor employing tradesmen in any apprenticeship occupation to apply to the joint apprenticeship committee nearest the site of the public works project and which administers the apprenticeship program in that trade for a certificate of approval. The certificate will also fix the ratio of apprentices to journeymen that will be used in the performance of the contract. The ratio of apprentices to journeymen in such cases shall not be less than one to five except:
 A. When unemployment in the area of coverage by the joint apprenticeship committee has exceeded an average of 15 percent in the 90 days prior to the request for certificate, or
 B. When the number of apprentices in training in the area exceeds a ratio of one to five, or
 C. When the trade can show that it is replacing at least 1/30 of its membership through apprenticeship training on an annual basis statewide or locally, or
 D. When the Contractor provides evidence that he employs registered apprentices on all of his contracts on an annual average of not less than one apprentice to eight journeymen.
 The Contractor is required to make contributions to funds established for the administration of apprenticeship programs if he employs registered apprentices or journeymen in any apprenticeship trade on such contracts and if other Contractors on the public works site are making such contributions.
 The Contractor and any subcontractor under him shall comply with the requirements of Sections 1777.5 and 1777.6 in the employment of apprentices. Information relative to apprenticeship standards, wage schedules, and other requirements may be obtained from the Director of Industrial Relations, ex-officio the Administrator of Apprenticeship, San Francisco, California, or from the Division of Apprenticeship Standards and its branch offices.
 The Contractor will be required to submit a bid for each of the three alternates listed in the bid schedule.
 The bidder must submit with his proposal cash, cashier's check, certified check, or bidder's bond, payable to the Yorba Linda County Water District, for an amount equal to at least ten percent (10%) of the amount of said bid, as a guarantee that the bidder will enter into the proposed contract if the same is awarded to him, and in event of failure to enter into such contract said cash, cashier's check, certified check or bond shall become the property of the District.
 If the District awards the contract to the next lowest bidder, the amount of the lowest bidder's security shall be applied by the District to the difference between the low bid and the second lowest bid, and the surplus, if any, shall be returned to the lowest bidder.
 The amount of the bond to be given to secure a faithful performance of the contract for said work shall be one hundred percent (100%) of the contract price thereof, and an additional bond in an amount equal to one hundred percent (100%) of the contract price for said work shall be given to secure the payment of claims for any materials or supplies furnished for the performance of the work contracted to be done by the Contractor, or any work or labor of any kind done thereon, and the Contractor will also be required to furnish a certificate that he carries compensation insurance covering his employees upon work to be done under contract which may be entered into between him and the said District for the construction of said work.
 No proposals will be considered from a Contractor who is not licensed in accordance with the provisions of the Contractor's License Law (California Business and Professions Code, Section 7000 et seq) and rules and regulations adopted pursuant thereto, or to whom a proposal form has not been issued by the District.
 Work shall commence within thirty (30) calendar days and shall be completed within the time specified in the Special Provisions after execution of the contract.
 Plans and Specifications, and all contract documents may be obtained at the office designated for receipt of proposals upon payment of a deposit of \$30.00 for each set of Specifications and accompanying drawings. Said deposit will be refunded upon return of the Specifications and drawings in good condition within thirty (30) days after an award of contract is made to the successful bidder.
 The Yorba Linda County Water District, Owner of the above mentioned work to be performed under the contract, reserves the right to reject any or all bids, to waive informality in a bid, and to make awards in the interest of the Owner.
 This notice is given by the order of the Board of Directors of the Yorba Linda County Water District, Yorba Linda, California.
 Dated November 13, 1975.

NOTICE OF PUBLIC HEARING BEFORE THE CITY COUNCIL
RE: GENERAL PLAN AMENDMENT NO. 75-02
 NOTICE IS HEREBY GIVEN that a Public Hearing will be conducted before the Yorba Linda City Council at 8:00 p.m., or as soon thereafter as possible on Monday, December 1, 1975, in the City Council Chambers, located in the Multi-Purpose Room of the Yorba Linda District Library, 18262 Lemon Drive, Yorba Linda, California to consider GENERAL PLAN AMENDMENT NO. 75-02, relating to the annual review of the Yorba Linda General Plan Land Use Map. Said hearing will include Council review of all areas of the Land Use Map, with specific emphasis on Planning Commission recommendations for changes at the following locations:
 1. Change Land Use designation on property northwesterly of Bastanchury and Rose Drive, from "Commercial Professional" to "Residential-Medium Density".
 2. Change Land Use designation on property located southerly of Lemon between Imperial and Eureka from "Community Park" to "Residential-Medium Density".
 ALL INTERESTED PERSONS ARE INVITED to attend said Hearing and present comments for or against said GENERAL PLAN AMENDMENT NO. 75-02.
 Further information may be obtained at the City Clerk's office, 4845 Main Street, Yorba Linda, or by telephone 524-5000 where proposed GENERAL PLAN AMENDMENT is on file and available for public inspection.

BICENTENNIAL DRESSUP--Kraemer students winning first place in their respective categories at Kraemer's bicentennial dressup day are Christy Carver, [twentieth century], Tina Wagner [Ethnic and famous Americans--Ukrainian], Marlena Adams [civil war], Nathan Lewis [revolutionary], and Sandy Keeling [pioneer and frontier].

Local Artist Work At PUSD

Placentia Art Association president Beverly Lunger will display her paintings in a one-woman show in the Placentia Unified School District Education Center and Administrative Offices at 1301 E. Orangethorpe, for two months beginning Nov. 24.

An invitational opening will be held from 7 to 9 p.m. The paintings may be viewed by the public on weekdays from 8 a.m. to 5 p.m.

Though Mrs. Lunger enjoyed a hobby of textile painting in her youth, it was only after raising a family

and her career as a real estate broker that she finally found time to join an adult education class where she found great pleasure in oil painting. She decided to continue her studies seriously.

Mrs. Lunger has studied with several private instructors, attended special workshops and is currently attending two art classes. She sincerely hopes that her one woman show will encourage other artists who are just beginning to pursue the "wonderful world of art".

Beverly has been presi-

dent of the Placentia Art Association since its inception and has spent many hours during the past year working with other officers of the club and community leaders in order to make the Art Association a reality.

She resides in Placentia with her husband Clyde, a psychotherapist, and son, Randy. Another son, Greg, is married.

The Placentia Art Association will meet November 20 and December 11 at Back's Community Bldg. at 201 N. Bradford, Placentia. For further information please call 524-2553.

Group Urges Fly Flag On Thanksgiving

The Placentia Junior Round Table would like to remind all residents of our community to display their flags on Thanksgiving Day, November 27.

Judi Olsen, Bicentennial Project Chairman states "We should be thankful to be able to fly our flag in this free country and should proudly do so. Hopefully, this Thanksgiving our colors will be seen all over our city."

TV Scenes To Be Filmed In Placentia

Two scenes, depicting the plight of farm workers, will be filmed in the city of Placentia by KCET, Channel 28, Public Broadcasting Service, Los Angeles.

The station has requested and received permission from the Placentia City Council, to film in Placentia for "Visions", a drama production, funded for television by the Ford Foundation.

One scene will be filmed at Santa Fe and Melrose Streets and another in the orange groves near Alta Vista or Orange Grove Roadway near the city parking lot.

A third possible location for a scene listed is the railroad crossing at Melrose Street.

The episode is entitled "El Corrido" and is an original television drama in the "Visions" series.

The American Cancer Society initiated an environmental cancer research project in 1971 for the purpose of identifying factors in the human environment which play a role in the occurrence of cancer in man.

GANG'S ALL HERE--Lakeview Center merchants, several with members of their families and assisted by Mayor Carolyn Ewing, helping to wield scissors, gathered together at the Grand Opening of the entire Center which

occurred last weekend. Special shopping values in the business places and programs of entertainment featured the two day celebration.

Zoeller Is Debate Star

Barry Zoeller, 4722 Via La Quinta, Yorba Linda, and Larry Hughes of La Puente, members of the Loyola Marymount University Debate Team, placed second in a major tournament at the University of Wyoming recently.

Zoeller, a freshman, and Hughes, a junior, placed second out of 72 teams from colleges throughout the nation. Jay Bussee, LMU Debate Coach, said Zoeller's performance was the "best ever by a freshman on his first outing."

The topic of the debate was "Should the Federal Government Establish a Comprehensive Program for the Control of Land Use in the United States."

Aztec Candy Sale

The Esperanza High School student body will be holding its first major fund raiser of the year with the sale of a three ounce bar of the "World's Finest Milk Chocolate" with almonds.

The sale will be from November 24 through December 1. In addition to the candy, purchasers will receive a coupon for a free cheeseburger with the purchase of one at Tastee Freez on Yorba Linda Blvd.

Proceeds from the fund raiser will be used for much needed extra curricular school items and activities such as athletics, band and drill team uniforms and printing of the school newspaper.

Remarrieds Will Meet

The Remarried's, Inc. general meeting will be held November 21, at 8 p.m. at Republic Federal Savings and Loan, located at 17th and Tustin in Santa Ana.

The speaker will be Bernell L. Ausmus, Associate Executive Director of the Psynetics Foundation, Inc. Ausmus has dedicated the last 35 years of his life as a student, teacher and researcher in the field of parapsychology. He will discuss mental telepathy, precognition and other topics in this area.

President Doug McConahay of Yorba Linda will preside at the meeting. Any remarried couple interested in attending this meeting or finding out more about this fast growing organization

Will Meet

and its various activities can call 528-0537 or 544-5838.
